

The Missouri Automated Criminal History Site

MACHS

Tutorial of Service

MACHS Overview

- ▶ This document will serve as a tutorial for those interested in utilizing the MACHS service for name-based criminal history checks.
- ▶ MACHS was created in response to the need to provide open record criminal history searches to the public in an electronic and automated fashion.
- ▶ Since the records contained within MACHS are open record, this service may be utilized by anyone, for any purpose.
- ▶ Open record information includes convictions, charges pending, initial arrest information for 30 days, and Suspended Imposition of Sentence data while the subject is on probation.
- ▶ Closed record information in which subject of the search was not convicted due to the charges being dropped, dismissed, or nolle prossed, or after having completed the probation period associated with a Suspended Imposition of Sentence will not be available.

MACHS Overview

- ▶ MACHS is operated by the Missouri State Highway Patrol Criminal Justice Information Services (CJIS) Division.
- ▶ Pursuant to Missouri Statute, CJIS serves as the Central Repository for all criminal history information within the State of Missouri.
- ▶ The CJIS Division charges a fee of \$15.00 for each individual searched through MACHS.
- ▶ NCR, the State Payment Portal, also charges a payment processing fee for this service. The payment processing fee will be 2 percent of the purchase amount plus \$.025.

Your Purchase History page details the results of all of your submissions for the past 90 days.

Submission ID: the tracking number associated with each shopping cart submitted via MACHS

Date Submitted: the date that each shopping cart was requested through MACHS.

Submitted/Completed: Identifies the total number of criminal record checks requested within each cart, compared to those that have been completed and returned.

Purchase History (cont'd)

Your Purchase History page details the results of all your submissions for the past 90 days.

No Record of Convictions: Identifies the number of requests in a shopping cart that were returned with having no record of conviction on file. If there are items in this queue you may click “View” to view and or print the associated responses.

Record: Identifies the number of requests in a shopping cart that were returned with criminal history information attached. If there are items in this queue you may click “View” to view and or print the associated responses.

Pending: Identifies the number of requests in a shopping cart that are still being processed by MACHS personnel. On average MACHS personnel complete requests within two business days but may take up to 10–14 business days, so check back often.

Full Report: this option allows you to export the results of a shopping cart submission to a tab delimited text file for upload into a database or program such as Microsoft Excel.

View Receipt: This option allows you to view and or print the receipt associated with your shopping cart submission.
